

Priyadarshini College of Engineering

Department of Computer Technology

Report on Industrial Visit at Siemens on 12th March 2016 at Verna.

Agenda:

Students learn here about how siemens work on areas of electrification, automation and digitalization. It was a very nice experience visiting this non IT industry.

About:

Siemens AG is a German company headquartered in [Berlin](#) and [Munich](#) and the largest engineering company in [Europe](#) with branch offices abroad.

The principal divisions of the company are *Industry, Energy, Healthcare, and Infrastructure & Cities*, which represent the main activities of the company. The company is a prominent maker of medical diagnostics equipment and its medical health-care division, which generates about 12 percent of the company's total sales, is its second-most profitable unit, after the industrial automation division. The company is a component of the [Euro Stoxx 50 stock market index](#). Siemens and its subsidiaries employ approximately 362,000 people worldwide and reported global revenue of around €71.9 billion in 2014 according to their annual report.
