PRIYADARSHINI COLLEGE OF ENGINEERING

Priyadarshini College of Engineering, a premier institute is managed by Lokmanya Tilak Jankalyan Shikshan Sanstha, established in 1990, in the progressive and competitive State of Maharashtra and one of premier technical Institute in Central India. At present we run 8 undergraduate courses offering B.E., 4 post graduate courses leading to M.E./M.Tech. The college is also a recognized center for pursuing Ph.D.

The First Year department of Priyadarshini College of Engineering comprises of Applied Chemistry, Applied Physics, Mathematics and Humanities. We together constantly strive towards academic excellence, research and innovation and all round development of students. We are also actively involved in various industrial assignments under MOU's signed with National and International industries and research organizations.

The branches of Mechanical Engineering, Civil Engineering, Electrical Engineering and Electronics and Telecommunication Engineering have been accredited by National Board of Accreditation, New Delhi.

ABOUT RGNIIPM

RGNIIPM is a central Government Institute under the Ministry of Commerce & Industry who is conducting Diversified Training Programs to meet the various and ever changing needs for training. This workshop is being organized in collaboration with RGNIIPM which will be specialized training program on Patent.

ABOUT TRAINING PROGRAM

Today, human creativity and inventiveness has led to the developments in the field of science,

engineering and technology. Every product or service we use today is the result of a long chain of big or small innovations, such as changes in designs, or improvements that make a product look or function the way it does today. The increasing importance in this continuous process of change, innovation and invention has been recognized worldwide. In the wake of the same Priyadarshini College of Engineering, B. E. First Year in collaboration with (RGNIIPM) is organizing a training program on Introduction to Indian Patenting Procedures.

This workshop would focus on Protecting technical innovation, using patent information, IP Law, IP and R&D. This one day training program will include a series of lectures by eminent experts in this field. Hence, the workshop is designed to equip the faculty and research scholars with the knowledge about the facts related to Patent & Patenting Procedures.

PROGRAM OBJECTIVES :

Through this workshop the participants will be able to have a better understanding of the following issues/concepts:

- ❖ To have basic knowledge of the patent system & patent searching.
- ❖ To have a general understanding of the benefits of patent information & how to use it.
- ❖ To guide about patent designs, trademarks & copyrights.
- ❖ To guide about patent drafting, formulation of claims and filing.
