(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party')

#### **WHEREAS:**

1. First Party is a Higher Educational Institution named: **Priyadarshini College of Engineering**
2. First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities. Both parties now recognize the importance of research and development, the need for creation of a large reservoir of highly qualified manpower and imparting industrial training to the engineering/technology students, in the areas of AI & Data Science.
3. The Parties intend is to cooperate and focus their efforts on cooperation within the area of Skill Based Training, Education and Research.
4. Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interest.
5. **Nsemble Technologies Private Limited**, the Second Party is an IT & Technology Consulting company based in Nagpur, founded in May 2019.

6. The Second Party through its career services has a vision to build a young skilled workforce by up-skilling, providing corporate and industry exposure to the aspiring engineers for their continuous professional development.

**NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:**

**CLAUSE 1: CO-OPERATION**

1. Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
2. First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of the First Party. The Second party will be providing significant inputs to the First Party in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
3. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds, and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.
4. A single point of contact (SPOC) will be designated by the First Party and the Second Party each or a coordination committee with members from both the parties will be established to facilitate this co-operation.

**CLAUSE 2: SCOPE OF THE MoU**

1. This MOU details the modalities and general conditions regarding collaboration between First Party and Second Party for enhancing, within the country, the availability of highly qualified manpower in the areas of AI & Data Science without any prejudice to prevailing rules and regulations in First Party and Second Party without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to First Party and Second Party. The areas of cooperation can be extended through mutual consent.
2. The budding graduates from the First Party could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
