1. Three days FDP On "Industry 4.0 "

About Institute

Priyadarshini College of Engineering, the Premier College of the Sanstha with 32 years of Proven Track Record, endeavors to impart academic excellence through promoting technology, scientific thinking and Corporate Social Responsibility. Priyadarshini College of Engineering has been awarded with A+ grade status with CGPA 3.31 by NAAC for a term of 5 years upto 27.03.2024. The institute has received accreditation for four of its programs, namely Civil Engineering, Mechanical Engineering, E&TC Engineering and Electrical Engineering for a period of 3 years, up to 03/06/2020 by National Board of Accreditation (NBA), New Delhi. The Institute runs 7 undergraduate programs, 4 post Graduate Programs and 3 Ph.D. Programs. Institute has a strong faculty pool with 52 Ph.D. awarded and 32 ongoing. The Institute has also been conferred with Grade A by the Government of Maharashtra for Academic Excellence and is the recipient of Platinum Rank Category in AICTE-CII survey in 2019. The Institute has also received World Education Award, India's Education Excellent Award 2018, Berkshire Media USA; and Outstanding Engineering Institute for Research and Innovation held at 15th World Education Summit-2019.

About FDP

The FDP is about Industry 4.0 which is the digital transformation of manufacturing/production and related industries and value creation processes. Industry 4.0, the fourth industrial revolution, encompasses machine communication (M2M) and Internet of Things deployments to provide increased automation, improved communication and self-monitoring, as well as smart machines that can analyze and diagnose issues without the need for human intervention. To explore the basic Knowledge about Industry 4.0 and to orient participants towards developing their own knowledge and knowhow in this field the FDP has been planned. It includes following topics.

- ❖ Industry 4.0/ Smart factory
- ❖ Automation with digital twin / Live demo on skilION365 product by MTAB
- ❖ Role of Industrial Robotics
- ❖ Additive Manufacturing

Resource Persons

1. Dr. R. L. Srivastava, Professor, ME, YCCE, Nagpur
2. Arvind Ramchandran, Senior Manager (MTAB Technology Center, Chennai)

Dear Arvind sir
MTC, Chennai

A very good morning to you. I am writing this email to invite you officially for the webinar dated 9th June Tuesday. I would request you to please give your expertise on the topic stated below and Orient us better in that direction:-

Industry4.0/Smart Factory automation with digital twin and live demo on SkillON365 product.

The further modalities of the program regarding the timing and period of the session (probably 1hr) would be discussed well in advance telephonically

5. One day Workshop on “Computer Skills enhancement-II”

Priyadarshini College of Engineering, Nagpur
Department of Applied Physics

A Report on One Day Workshop

Event: One day workshop on “Computer Skills Enhancement(2) For Non Teaching Staff”

Department: Applied Physics, B.E. First year, Session: 2019-20

Participated by: Non Teaching Staff members of various departments of PCE.

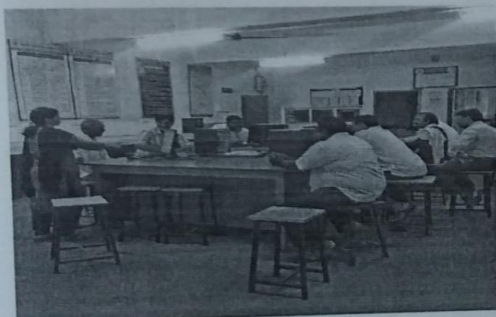

Venue: Applied Physics Lab, Room NO. 201

Date : 5/12/2019

Purpose/ objective: To enhance the Computer skills of non-teaching staff members .

Resource Person and Event Coordinator: Mrs. Swati S. Soley, Assitt. Professor,
Dept. of Applied Physics, PCE, Nagpur

Total No. of participants : 22

Conclusion/ Remark: Mrs. Swati S. Soley, Assitt. Professor, Dept. of Applied Physics, organized a one day workshop on “Computer Skills Enhancement (2) For Non Teaching Staff.” The one day workshop was divided into two sections. The first section covered basic Internet navigation skills. Since the target audience was non teaching staff with minimal computer skills, it was necessary to provide this instruction first in order to enable them to proceed and be successful in the second section. The second section covered the use of -WPS Writer, Libra office spread sheet and word file ,Presentation packages in **Ubuntu** . The instructor delivered a power point presentation using a LCD projector to demonstrate and to explain each topic and skill.

Course Description

This course extends your existing Python skills to provide a stronger foundation in data visualization in Python. You'll get a broader coverage of the Matplotlib library and an overview of seaborn, a package for statistical graphics. Topics covered include customizing graphics, plotting two-dimensional arrays (like pseudocolor plots, contour plots, and images), statistical graphics (like visualizing distributions and regressions), and working with time series and image data.

Course Syllabus

- *What and why it is important today*
- *Why python is better than others for programmers*
- *Different libraries and packages available in python*
- *Types of plots and steps involved*
- *Pandas library/package*
- *Seaborn library/package*
- *Matplotlib and its advantages over others*
- *Exploratory data analysis in Python with example*
- *Linear Regression example in Python Logistic*
- *Logistic Regression example in Python*

FDP Highlights

- *No Registration Fees*
- *Certification to all Participants*
