7.1.9

Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties, and responsibilities of citizens

Our institute pays careful attention to an all-embracing comprehensive growth of every student. They are particularly made to envisage their duties & responsibilities as a student in the college and as a dutiful citizen of India. To empower the students with the requisite values for striking a balance between work & life, we administer an adequately competent learning environment, persuading them to be self-reliant & accountable. These standards are inculcated in the value system of the college culture.

To appraise the students about the fundamental rights laid out in the Preamble of the constitution, the college commemorates the Constitution Day on 26th November every year and participate in the oath-taking of the preamble of the constitution. An expert lecture on “Rights of India – Citizens are integral part of constitution of India” was organized on the same day to help the students to understand the preamble in depth. On the birth Anniversary of Sarvapalli Radhakrishnan we organize "Self-Governance Contest : Role reversal" every year to give an opportunity to students to understand the nobility of teaching. The college also holds regular Open House Debate Competitions on topics like, “Do we really have the right to fundamental rights?” & “Reservation Policies are they Politicized?”. These activities stimulate the students’ roles & responsibilities as citizens.

Every year on Independence day the college hosts “Sarfarosh”, a patriotic Singing competition at inter departmental level. The students also present themselves in Tableau form during this event. This sends out a true sense of belonging to the essence of Indian roots, and promotes a sense of Consciousness about national identities. The institute also caters to many debates on topics like “Our votes : Do they really matter ?, Collage making on various state & National symbols which elevate the students’ understanding of noble values in life. Programmes on Anti tobacco oath on” World No Tobacco day”, Awareness programme on drug addiction and drug abuse, International Yoga Day, Guest Lecture on “Goal of Human life as per Vedic Wisdom by Gopal Vrinda Paladasa,

Helmet Awareness programme, Guest Lecture on "Entrepreneurship and company culture" & Live Session on "Health Care Nutrition and Immunity Building" endeavor to build a strong foundation and render students a sense of responsibility as citizens of India. The NSS unit of the college encourages students and sensitizes them about their responsibilities towards the society. In addition to these, the college also organizes regular cleanliness drives, tree plantation drives & blood donation camps. Our students are thus fostered into being people with sensitivity, obligation and holistic approach.
