

REPORT

Department: Department of First Year

Date: 25th September 2024

Event: No Backpack Day

Purpose/ objective:

- ❖ The event was organised to encourage students to leave their backpacks at home, opting instead for alternative methods to carry their essentials.
- ❖ The objective of the program was to foster a vibrant atmosphere across the campus and enhance camaraderie among new students.
- ❖ Students showcased their unique styles with everything from suitcase, cage, self-made bag with wheels, shopping cart, tool box, utensils, handcrafted paper tote bags, shirt, hangers etc., to creative DIY carriers.

Resource persons: Dr. Manisha Joshi, Dean First Year, Co-Deans, HoDs, Subject Coordinators, and faculty members of First Year Departments.

Conclusion/ Remark: Around 300 Students participated in No Backpack Day. Students participated in ramp walk with no backpack. Students showcased their unique styles and creativity.

REPORT

Department: Department of First Year

Date: 26th September 2024

Event: CPR Training Session

Purpose/ objective:

- ❖ To train students in cardiopulmonary resuscitation (CPR) training to save lives.
- ❖ To connect students with the society and aware them about their social duties.

Description:

The session was organised with the help of doctors and nursing staff from Viveka Hospital. Around hundred students, and faculty members attended the training session. Dr. Mithilesh Kulkarni, Consultant Cardiologist, provided a quick introduction to the session and stressed the significance of cardiopulmonary resuscitation (CPR) in times of emergency. All aspects of cardiopulmonary resuscitation, from theory to practice, under the guidance Dr. Kulkarni were covered in detail.

Resource persons: Dr. Mithilesh Kulkarni, Consultant Cardiologist, Vaibhav Thakre, Dy. Manager Marketing &P.R., Mr. Kartik Mani Iyer, Mr. Badal Nursing staff, Mr. Bokade Office Attendants, Dr. Manisha Joshi, Dean First Year.

Conclusion/ Remark: Around 100 Students participated in CPR Training Session. Students gained knowledge of administration of CPR, utilize an automated external defibrillator (AED), and evaluate a victim's status.
