Department of Electrical Engineering

Report on "ICT (PowerPoint Presentation)"

Title	:	Introduction to "General safety provisions in Indian electricity rules"
Date and Time	:	30/01/2024 at 10:30AM -11:30AM
Conduction Duration	:	1 hour
Mode of Conduction	:	Offline
Resource Person	:	Mr. Kavish G. Gaurkhede
Number of Students	:	24
Objectives	:	General safety provisions and discuss safety provisions in Indian electricity rules
Outcome	:	Students have understood the Basic concept of General safety provisions and its method of analysing and classifying the environment where explosive gas atmospheres may occur. The main purpose is to facilitate the proper selection of apparatus to be used safely in that environment, considering the properties of the flammable materials that will be present.
