

Organized By: Electronics and Telecommunication Engineering.

Attended By: ISF Students & Faculty members of the department (No. of Students = 69)

Venue: AE Department Seminar Hall

Date: 03/04/2025

Event : A Guest Lecture on "An Advanced Antenna Technology"

Purpose: So as to get more technical exposure in antenna systems required for wireless communication and to improve the fundamental concepts of antenna technology a guest lecture was arranged for the IETE student members.

Conducted by : Dr. V.K.Taksande (H.O.D. ET)

Dr.V. G. Girhepunje (IETE Student Forum Incharge)

Guests Speaker : Dr. Sachin Khade, Astt. Prof. Y.C.C.E and Executive member of IETE Society, Nagpur

Remarks/Conclusion:

The ISF faculty incharge Dr. V.G.Girhepunje briefed about the versatility of Electronics and Telecommunication Engineering to the IETE student members. Accordingly the guest lecture on "An Advanced Antenna Technology" was organised. A guest speaker Dr. Sachin Khade, Astt. Prof. Y.C.C.E and Executive member of IETE Society, Nagpur discussed the basic concepts of communication systems and the requirement of Antennas for the transmission and reception. He also briefed about the criterion of the various types of antennas used for different wireless applications. The speaker puts light on the antenna design aspects and clarified the vast scope of research in this field. The students enjoyed the session and were thankful to the speaker for making them aware of antenna technology including the scope of research in it.
