Format Of One Page Report For Activities

Dept Name : Electronics & Telecommunication Engg

Title of the Activity: Open Book Test of V sem A & B ,ITECC(Elective) subject on “Sampling Frequency, Channel Capacity and Rate of Information ” from Unit 2.

Name of the Faculty/Coordinator/ Resource persons: Mrs.P.J.Suryawanshi

Resources used: Classroom and Google Classroom.

Brief Description of Activity: : Prepared the question paper for Open Book test and scheduled a test in the classroom on 13th Oct 2022 at 10.30 to 11.30 am. Students had to solve the given question in one hour during the online class. They were allowed to refer the notes if they require. They had to solve it on pages and then submit the answer sheet in classroom only .The same question paper has been posted in Google Classroom also.

Number of Students Involved: 22

Outcome: It was very helpful to students as it was mainly focused on finding error while solving the question paper. Students understand the concepts of given question. They got a chance to revise the topic and practiced. 22 students appeared the Open book Test and participated actively .All students were satisfied and have given very good feedback about topic coverage

Requirements if any for further betterment :Nil

Photograph

The image is a composite of two screenshots. The left screenshot shows a classroom with students in blue uniforms taking a written exam at their desks. The right screenshot shows a Google Classroom feed for the 'ITECC_5thsemET_22-23' class, listing various posts and files shared by the teacher.
